

KAGI SPA ISLAND COVID-19 POLICY

YOUR SAFE HOLIDAY IN PARADISE BEGINS
WITH OUR " S . H . S . S " PROTOCOLS

.....

HEALTH, SAFETY & SANITATION

➤ ACCREDITED INTERNATIONAL PARTNERS

We are proud to be Hazard Analysis, and Critical Control Point System (HACCP) certified and work in collaboration with Ecolab/Greenpath Maldives and Ian Greaves International (IGI UK) to protect our guests and employees.

➤ TRAINING

We are continuously developing the team through our internal and external programs, with focused training and familiarisation of each team member with health & safety and national guidelines.

➤ LOCAL REQUIREMENTS AND LEGISLATIONS

This Safe Holiday Experience initiative will be continuously reviewed and revised in line with the updates issued by the Maldivian Health Protection Agency (HPA) and the Government.

➤ CRISIS MANAGEMENT RESPONSE PLAN

CCR's Health & Safety Protocol details appropriate internal steps to be followed and will be lead and guided by our Covid-19 task force teams in each resort.

IMPORTANT

TO KNOW:

- Travel Insurance is essential and should be activated before traveling to Maldives. Maldives Allied Insurance Company has introduced Covid-19 Travel Insurance that covers tourists for specific expenses they may incur due to a positive diagnosis of Covid-19 while on holiday in paradise.
- With effect from September 10 2020, all tourists and short term visitors must present a Negative PCR certificate on arrival to the Maldives. The PCR test must be conducted within a maximum of 96 hours prior to departure.
- All visitors to the Maldives are required to complete an online health declaration form via <https://imuga.immigration.gov.mv>, 24 hours prior their departure to Maldives.
- All visitors to the Maldives are encouraged to install the contact tracing application 'Trace Ekee' upon or before arrival into the country.
- Upon entering the Maldives, travelers presenting with symptoms of COVID-19 will be subjected to a PCR test at the traveller's cost;
- Tourists requiring PCR testing on arrival shall be accommodated in a transit facility until their PCR results are received at the traveller's cost;
- If PCR test is positive, isolation for 14 days is mandatory. Contact tracing will identify those who also need to be tested and isolated for 48 hours or until results are available. Isolation at the resort for 14 days is mandatory for anyone testing positive for COVID-19. The Resort Doctor or Nurse will provide primary care whilst guests are in isolation on the Resort, should the symptoms require clinical care, this will be arranged. Cooperation with HPA is compulsory. Guest are advised to check with their insurance company for coverage of related expenses. If any guest is required to stay after their regular booked holiday to complete their quarantine period, charges will apply.

we have no doubt, that
the sun will shine on the
Maldives again and the
smiles will return to all
Maldivians"

IMPORTANT

TO KNOW:

AT THE RESORT

- While in the resort, if any guest is found positive of COVID-19, isolation at the resort for 14 days is mandatory. Contact tracing will identify those who also need to be tested. All close contacts will have to undergo quarantine for 14 days at the resort and PCR tested prior to been released from quarantine. The Resort Doctor or Nurse will provide primary care whilst guests are in isolation on the Resort, should the symptoms require clinical care, this will be arranged. Guest are advised to check with their insurance company for coverage of related expenses. If any guest is required to stay after their regular booked holiday to complete their quarantine period, charges will apply.
- Isolation rooms shall be maintained and serviced as per standards set forth by Maldives Health Protection Agency (HPA);
- Guests will be allowed to exit isolation with restrictions to utilise the common facilities of the resort if the test result is negative until all symptoms clear.
- To accommodate the mandate of certain airlines and countries for their travelers to provide a Negative PCR certificate upon their travel journey, all properties of Crown & Champa Resorts will facilitate PCR testing for those guests with this compulsory requirement. Where applicable, the PCR testing will be provided free of charge for stays 7 nights or more if guest has a compulsory requirement by airline or home country.

WE'LL KEEP IT SAFE FOR YOUR RETURN

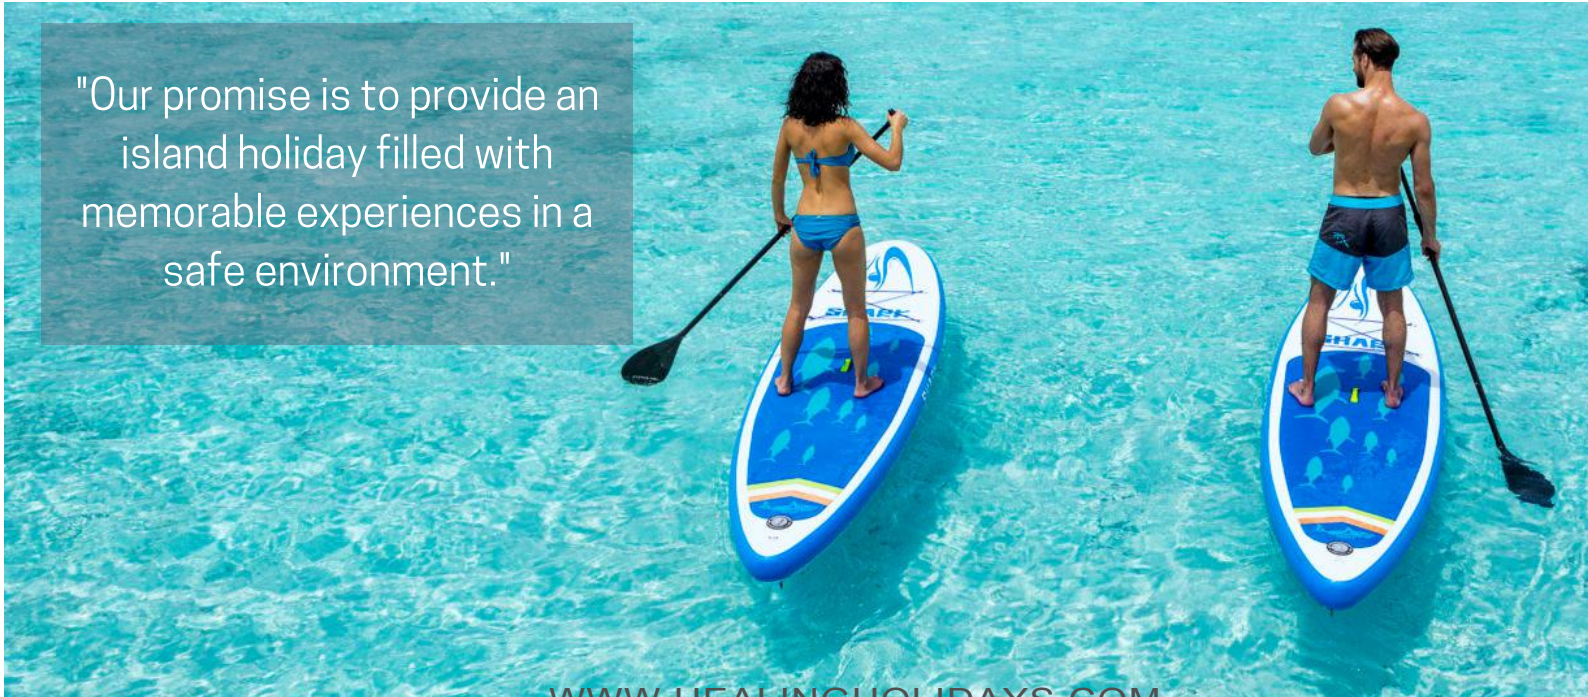

We are committed to ensuring that our team members across all our properties are looked after, well equipped, and trained to observe the highest safety standards and practices. We strive to maintain the highest standards through continuous development and health & safety training programs with our teams.

Our promise is to provide an island holiday filled with memorable experiences in a safe environment.

BACK OF THE HOUSE:

- 1 Increased awareness and empowerment on measures and protocols for guests and team members;
- 2 Strict observance of safe physical distance, of at least 1.5 meters apart, during guest or team member interaction;
- 3 Enhanced internal and external safety and hygiene training programmes, in collaboration with Lobster Ink and Ecolab, as our external partners;
- 4 Enhanced cleaning and hygiene protocols for team member entertainment, sports and recreational facilities, cafeteria, and rooms;
- 5 Availability of hand sanitizers at team members' area, including back offices, washrooms, sports and recreational facilities, and cafeteria;
- 6 Team member uniforms will include personal protective equipment (PPE);
- 7 Reinforcement and monitoring of waste management, equipment and maintenance checks, Legionella control, and water systems, in collaboration with SGS International;
- 8 Designated Health & Safety committee to reinforce and monitor the enhanced hygiene guidelines.
- 9 Team Members movements "in and out" of resorts: will be strictly monitored through our newly amplified Health Monitoring System.

"Our promise is to provide an island holiday filled with memorable experiences in a safe environment."
