

THANYAPURA COVID-19 POLICY

It is our utmost concern, especially in these times, that we adhere to strict Health and Hygiene Protocols to guarantee the wellbeing of all as best as possible.

Therefore, we have put together some essential guidelines for all to follow:

1. On arrival, our club service staff will proceed to check your temperature, and you will only be able to enter our sports facilities if your temperature is below 37.5 degrees. They will also make sure you register prior to entering the premises to ensure we have the right level of information on guests entering Thanyapura.
2. Please sanitize your hands frequently by using alcohol gel provided by Thanyapura at all service areas including Booster Deli & Cafe, Club Services and Sports venues.
3. Try to keep a 2-metre distance between each person at all times to follow the social distancing recommended guidelines.
4. We kindly ask you to wear a mask on the premises. If you participate in an exercise session you may remove your mask when adhering to the 2 metres distancing, but please always put it back on afterwards.
5. The maximum capacity per exercise is 18 guests when participating in an exercise session. Prior bookings are recommended. Our coaches will ensure the social distancing is always respected. All exercise sessions will be provided in an open-air space.
6. For tennis players, we will accept singles and doubles. Players may decide not to wear a mask while playing if the required distancing is respected but please always put it back on afterwards.
7. For triathlon adepts, please ensure you always wear a mask if you are training outside of Thanyapura as required by decree from the Thai government (bicycle and running). If you are running in our track, please ensure you respect at least 4 metres distancing between each other if not wearing a mask.
8. Swimming is allowed, 4 persons per lane per time with a maximum of 1 hour per session.
9. The maximum capacity for sauna, steam and hot & ice Jacuzzi is 2 guests per time (maximum 1 hour per person).
10. Please understand that we will not be able to allow you to enter Thanyapura and/or to participate in our training activities if you cannot adhere to these Health and Hygiene Protocols.
