

AYURVEDA RESORT MANDIRA COVID-19 POLICY

Please see below for a summary of the measures and services that we have implemented in response to the latest travel advice to ensure a safe stay and safe return journey:

PLANNING YOUR JOURNEY

How can you travel to Ayurveda Resort Mandira in Austria? Please check the requirements for travel from your country of departure. You will need to present a doctor's certificate or a negative Sars-CoV-2 test certificate (in either English or German) if you are entering Austria from abroad.

HYGIENE AND SAFETY

- Our professional hygiene concept complies with the highest safety standards and is under constant review. All areas are thoroughly and repeatedly cleaned and disinfected. A superb ventilation system ensures aerosol-free air quality. The rooms are cleaned daily with concentrated cleaning and disinfectant agents. All equipment, surfaces and appliances in the SPA are carefully cleaned and disinfected after each use.
- You will find several automatic sanitiser dispensers distributed throughout the resort. Please refrain from shaking hands or other physical contact and maintain a safe distance between yourself and other people.
- Our employees have been tested, vaccinated, or have recovered from a past infection. We hold regular team training sessions and ensure everyone is appraised of the latest regulations. We pay close attention to the proper implementation of our health and safety measures to guarantee you a worry-free, safe and relaxed stay at the Ayurveda Resort Mandira. We guarantee you a worry-free stay designed to boost your health, immune system and wellbeing: sustainably safe from arrival to departure.
